

Together, we're going to make a healthier future for all of us.

The goal of the *All of Us* Research Program is to help researchers understand more about why people get sick or stay healthy.

The program is asking one million or more people to join. People who join will share their health information with us. Researchers will use their health data to do studies. This may help improve health for everyone.

**To learn more or to join,
please email help@joinallofus.org,
or call (844) 842-2855.**
